c. USIB-M-355, Item 1, 14 October 1964

1. At its 15 April 1964 meeting, the United States Intelligence Board (USIB) approved the CCPC recommendations enumerated in reference b.

2. Since it was the objective of these recommendations to improve the collection of critically needed intelligence on Soviet development of an ABM system and particularly in view of the briefing referred to in reference c., the Chairman of USIB has determined

that information is now needed regarding implementing actions already taken or planned by agencies concerned during the period which has elapsed. A list of these recommendations including the department (s) designated by USIB as responsible for implementing action is attached for reference as Attachment A.

3. Accordingly, it is requested that each responsible agency provide for the information of USIB a brief status report as soon as possible but not later than 31 December on the measures taken or programmed to implement the recommendations summarized in paragraph 9, reference a., as modified by paragraph 10, reference b. A proposed format is shown in Attachment B. This status report can then be modified from time to time as appropriate to indicate current progress, with a final report to be made whenever USIB-approved action is completed in each case.
